Please note that International tickets are issued strictly on the following terms:

Park House FC has applied for a substantial number of tickets but demand is always greater than the supply. If we do not have enough tickets to meet those demanded, the committee member responsible for International tickets will decide the numbers and allocation of tickets. This allocation will be reviewed by the club chairman whose decision is final.

Tickets are supplied on the strict understanding that you will not re-supply or re-sell your tickets. The RFU applies a strict policy of keeping tickets off of the black market and has been very successful in recent years in tracing tickets sold in this way back to clubs. If any club member is found to have resold tickets in this way, they face being expelled from the club.
